

Hello Promontory Faithful!

While we know and like the fact that Promontory Club is your trusted 'destination sanctuary', based on guidance from the CDC, State of Utah, and medical professionals, Promontory Club will be doing our part to help stop the spread of CoVID-19, the Corona virus. Our number one concern is for the health and well-being of you, our Members, and also our dedicated staff who enjoy serving you. We will be implementing the following 30-day plan designed to keep our Club fully operational for you while being mindful of ways we can keep this virus at bay.

Please know that we will return to business-as-usual as quickly as we can, and I appreciate everyone's understanding as we tackle this health issue together. Please note the following changes that will take place immediately in order to encourage a safe level of 'social distancing', safer food service, and elevated cleaning practices as advised by the experts.

CoVID-19 Mitigation Plan for Promontory Club In Place:

- For 2 weeks, we have issued the Utah State Dept of Health instructions for self-protection and this has been posted in The Wire. ie: hand washing, no face-touching, cover coughs, wipe down surfaces, etc.
- Hand Sanitizer has been added to all entry/exit points in all amenities and in all restrooms (please leave these in place for your fellow Members)
- Instructions to all Promontory Employees to stay home if sick.
- Fitness Center Staff has been wiping down ALL surfaces and equipment continually during their shifts.

Adding Today - and for the next 30 days:

- All Club activities/meetings in excess of 6-8 people will be cancelled, including Member Mixers, Fitness Classes (including yoga, spin, circuit-training, etc), Card games or any other Club-sponsored activities.
- Individual work-outs or individual yoga instruction may be available upon request - please contact Marisa Ball if interested - 435-333-4206.
- The Ski shuttles will run, but ridership will be reduced to no more than 6 people per shuttle. All seats and armrests will be sanitized after each run.
- If you have a catered dinner in excess of 8 people planned in the next 30 days please contact Amy Maloney at 435-333-4201.
- Members using any of our amenities should practice social distancing of 6 feet where possible.
- All dining establishments remain open during regular hours although we may move or remove some tables for better social distancing.
- Members who are sick should not enter any amenities.
- All open food service or buffet-type offerings will be temporarily discontinued, including Hot Spot fruit & pastries, soups & snacks at Ski Lodges, card game/locker room nuts & candies, Spa snacks and Red Bicycle bread sold in Mercantile. We will replace some offerings in individual packaging where practical.
- All housekeeping staff will wear protective gloves and wipe down door handles continually during the day.
- All Shed games, balls and bowling equipment will be fully sanitized and wiped down with alcohol wipes between use and we ask that Members wipe these down BEFORE and after use as well.
- The Tubing Hill will close for the season starting this weekend - this is also due to the warm weather.
- If you are sick and have a spa appointment, please cancel it - we are waiving all cancellation fees.
The spa rooms will be fully sanitized after each use.
- Signs will be added at all entry/exit points reminding Members to follow these pre-cautions.
- Thank you for helping us all do our part to stop the spread of CoVID-19!
- If you have any suggestions for us or your fellow Members, please share! We want to do the best for each other while we continue to enjoy our time as part of our very special Promontory Club.

Wash, wash and wash some more.....

Robin
