Q10 Anything else you'd like to share concerning holiday lights at Promontory?

Answered: 82 Skipped: 77

#	RESPONSES	DATE
1	I miss seeing the lights when they come down!	5/5/2020 2:20 AM
2	Please consider allowing us to enjoy our lighting all year round without restrictions Many of us have a significant investment in both our roof trim lights and tree lights and my neighbors love and compliment my lights I love seeing my neighbors lights in my view at night! It's so fun to turn on lights for holiday weekends in spring and summer even though nights are short!	5/1/2020 1:32 PM
3	White lights are nice "winter" lighting all snow season.	4/25/2020 2:13 PM
4	Why does there have to be so many rules? Rules then are just broken anyway. Too many complaints about too many things!	4/25/2020 8:55 AM
5	Really enjoy the lights in holiday season. Brightens up an otherwise dull winter.	4/25/2020 7:51 AM
6	Holiday lights are AWESOME. Please do not restrict and allow them on until end of ski season. that's pretty simple	4/24/2020 7:54 PM
7	We love all the holiday lights in Promontory and think the dates are a little restrictive the way it is currently.	4/24/2020 7:03 PM
8	thank you for always asking for input	4/24/2020 7:01 PM
9	We don't use any holiday lights personally but when they are on, the whole neighborhood brightens up. The lights are not a hindrance but help to beautify our development. We enjoy seeing lights and not total darkness	4/24/2020 6:18 PM
10	As is is fine. Thank you for asking.	4/15/2020 1:12 PM
11	It saddens & concerns me about the person who is having such a problem with the beautiful holiday lighting in our wondrous snow globe of a neighborhood. I love it & wish everyone had some degree of outdoor holiday lighting.	4/14/2020 2:08 PM
12	When neighbors leave their lights on all night, contacting them with a reminder to turn off lights by "lights off" time would be appreciated by those of us who enjoy night sky and enjoying / sleeping by starlight, versus mega watts keeping everyone awake -- also concerned for what impact this overnight lighting has on wildlife and their sleep cycles. Thank you for your consideration!	4/12/2020 5:36 PM
13	I think this should be one time where everyone has a chance to express themselves in his/her own way. It's temporary!! thanks for asking	4/12/2020 12:54 PM
14	Consistency please	4/12/2020 12:16 PM
15	Color Christmas lights should be off by April 30 but a few trees with white lights only can left on all year long. How's that for outlier statement!	4/12/2020 9:58 AM
16	This year, people should be allowed to leave their lights up as people have done across the country to spread cheer. In general the policy is fine as is, Promontory looks amazing in the holiday season. Restricting certain light colors, output, amount of trees etc is pretty ridiculous. It's not like it would be enforced. Restricting to driveway facing is probably the most ridiculous idea. Many homes that border our main roads like promontory ranch road have driveways that face the opposite direction.	4/12/2020 9:25 AM
17	Please enforce the March 1 light removal policy. There were homes that had lights out later.	4/12/2020 8:17 AM
18	Considering all the restrictions concerning night sky and environmental conservation, holiday lighting has gone beyond the pale (pun intended). Acknowledge the holiday season and then head to Disneyland if that is where you want to live. People keep pushing the envelope in terms of brightness, color, abundance, and length of nightly and seasonal operation. The BEAUTIFUL and NATURAL night sky should awaken a sense of pride and stewardship in our beautiful surroundings without desecrating it with artificial landscapes.	4/11/2020 5:02 PM
19	Restrict brightness (if necessary) to not exceed current brightness.	4/11/2020 4:45 PM
20	I love holiday lights but prefer white. I have a neighbor with lots of spirit but their choice in garish neon colors on many trees in both the front and back of their home really ruins my view and is an eye sore for me. If they were all white I would have no problem with them (although a few less wouldn't really hurt the spirit). Thank you for providing this survey.	4/11/2020 1:57 PM

Promontory Holiday Lights

SurveyMonkey

21	It is so dark in Promontory, especially in winter. It would be nice to light more of the trees in the Ranch Clubhouse- Shed areas and drive up to the Dye Club House. There is such non-scientific PC belief that has impacted the ability of the more - silent majority of the homeowners to express what they would like to be able to do on their own property let alone what we would like to see in the "common areas" of Promontory. I am glad you are conducting this survey as it will be interesting to see what the overall responses are like- thank you!	4/11/2020 12:07 PM
22	The bright multi-colored pink, purple, green, glowing blue lights are an eyesore. I'm surprised they are allowed within the current restrictions.	4/11/2020 10:52 AM
23	I love the lights, they are part of what makes Promontory special during the winter!	4/11/2020 10:32 AM
24	no	4/11/2020 9:59 AM
25	If you're going to set for example a lights off time or set dates then those HAVE to be enforced! The survey is useless if the resulting changes are NOT enforced! I look out at night into the early morning and lights are on way past midnight. Why can't a rover take down the address of the offender and a note be sent to them? This goes for all rules set out....the majority are NOT enforced.	4/11/2020 9:55 AM
26	I love the holiday lights in Promontory and do not see the need for restrictions!	4/11/2020 9:14 AM
27	Would require only the use of soft lighting... in the case of LED lights... not the bright white.	4/11/2020 8:44 AM
28	There are many properties that have outrageous colored lights (i.e. blue and pink) and those lights are still on! I think that Promontory should restrict lights to ONLY specific lumen white lights which could be on year-round. It would be a "consistent" look for our high-end development not a "mish-mash" of some awful colored lights and some homes with white lights that look great.	4/11/2020 8:05 AM
29	Promontory management should at their discretion decide what is 'excessive.' Their is a big difference between an lot' of lights and festive, and too many lights and gaudy.	4/11/2020 7:56 AM
30	Holiday lights bring joy and happiness to the Holiday Season! Even the thought of taking away holiday lights is a tragic thought! It should be our right to put them up since my family has been putting them up for over 60 years!!! You cannot take away a National holiday tradition that has been around for decades!	4/10/2020 11:28 PM
31	White lights only would be best.	4/10/2020 7:19 PM
32	The lights are beautiful and festive and fun. We don't normally install lights but may do so in the future. But every time we drive through Promontory during the winter, the lights are always something we look forward to and appreciate.	4/10/2020 7:17 PM
33	Quit trying to be big brother. What's happening in our country, thanks to Covid-19, with respect to our liberties is terrifying. How important can holiday/seasonal lights be in the big picture?	4/10/2020 7:15 PM
34	I love the lights!!!	4/10/2020 7:09 PM
35	Thanks for trying to think of all of us all the time! "It's beginning to look a lot like Christmas . . ." whenever those lights are lit!	4/10/2020 6:56 PM
36	The lights are great! We just leave them on past the holidays too long	4/10/2020 6:46 PM
37	I certainly hope this isn't a case of a few people loudly complaining about the lights in Promontory. It is one of the things I look forward to seeing each winter.	4/10/2020 6:44 PM
38	Enforce whatever the final rules are. Lights around us stay on until 2-3 am and were still on in late March.	4/10/2020 6:41 PM
39	lights should not be allowed when residents are out of town!	4/10/2020 6:41 PM
40	The lights have become a circus. There is no way to police "taste" so shortening the time the lights are on and the amount of lighted trees are the only things that will help. We don't put up lights because they have become a pain but I enjoy some holiday lighting. It's just too much!!!	4/10/2020 6:40 PM
41	We love the lights,	4/10/2020 6:32 PM
42	I think the lights look beautiful in the winter! They give it such a nice feel!	4/10/2020 6:27 PM
43	Stricter enforcements to follow whatever guidelines are decided. It seems like lights are still on	4/10/2020 6:01 PM

Promontory Holiday Lights

SurveyMonkey

	even past the March 1 timeline	
44	Thanks	4/10/2020 5:55 PM
45	As I mentioned, I do not like the lights on the eaves that outline the roof line of a home. I also think that there are a huge amount of homes that do not comply with the dark sky policy and if that is addressed that the holiday lights will not look as bright. People have lights shining all over the place, very bright on their homes and spots in trees etc. Please address this issue before taking on anything else! Thanks for allowing us to have some input into our community. It is sad that all the committees have been dis-banded.	4/10/2020 5:54 PM
46	We think that the winter lights make Promontory MAGICAL in the winter. And magical = sales... something that both the developer and owners want.	4/10/2020 5:52 PM
47	holiday light are ESSENTIAL for mental well being though out the dark seasons!!!! We don't want anyone having to experience S.A.D!!	4/10/2020 5:52 PM
48	Certainly understand and very much appreciate desire to maintain a dignified neighborhood and appreciate seeking residents opinions! Family and friends LOVE driving into our neighborhood and seeing all the beautiful homes lit up! Thank you!	4/10/2020 5:48 PM
49	We should be neighborly and not upset neighbors.	4/10/2020 5:27 PM
50	Number 9 is poorly worded. We assume it means no lights for anyone except promontory facilities. That's how we voted.	4/10/2020 5:24 PM
51	I love the lights at Promontory and feel it enhances the winter doldrums and brightens the spirit of the holidays and beyond.	4/10/2020 5:15 PM
52	Holidays need lights. It is OK. Let's just have guidelines to keep us in check. No Clark W Griswold	3/16/2020 12:18 PM
53	Multi colored lights should only be allowed in December.	3/16/2020 9:49 AM
54	Better enforcement. It's March 15 and lights are still on at some houses	3/15/2020 10:25 PM
55	I, have already submitted my answers , but am concerned about the number of holiday lights still on .Is any action being taken ? 3/15/20	3/15/2020 7:50 PM
56	White only please. No colors. Like the stars in the sky. Thanks	3/15/2020 11:30 AM
57	Lets think about all of our neighbors & our environment !	3/14/2020 1:06 PM
58	These lights are Christmas lights and up for a couple of months. They look beautiful and Promontory looks amazing at that time of the year. Especially with the different colors.	3/14/2020 9:46 AM
59	Don't want to ban entirely, but the bright, neon colors are awful. I think it should be limited to warm white lights with lower lumen and limited hours. Some colors look ridiculous. Also, care should be taken to insure that lights do not impact neighbors, there should not be light shining into neighbors windows.	3/14/2020 8:42 AM
60	Question 9 is a dumb question. There would be a revolt if you banned them. I don't want to live in the Soviet Union.	3/14/2020 7:01 AM
61	Restricting the dates will be most effective. Most homes displaying lights are tasteful a few are obnoxious.	3/14/2020 6:51 AM
62	I think the light colors should be limited. The rainbow of color is tacky, in my opinion.	3/13/2020 8:58 PM
63	This survey is a little ridiculous. The current level of micromanaging is sufficient . If you ban holiday lights we will move. That's absurd.	3/13/2020 7:36 PM
64	Eliminate the garish colors.	3/13/2020 6:49 PM
65	I believe driving at night in Promontory is dangerous due to lack of lighting and animals. The holiday lights enable me to see the roads. I fell off the sidewalk 3 times last year leaving the gym in the dark because the lighting was so poor. At least with holiday lights, I can see something	3/13/2020 6:41 PM
66	No	3/13/2020 6:03 PM
67	I think they looked great this season....fun and festive! No complaints!	3/13/2020 5:48 PM

68	We love the lights and that everyone gets to do their own thing! We also like the it is limited to a season which makes it more special.	3/13/2020 5:47 PM
69	Please keep the holiday lights going, Beautiful and adds to/enhances the community. Respect for neighbors should matter though, if some homes need to turn them off earlier due to impact on close neighbors (lights preventing from sleeping...), then that should apply. Re. up to what time should they stay on, midnight is nice but 11PM could work too. It is nice though to see the lights when driving back late at night...from dinner etc.. Thank you.	3/13/2020 5:13 PM
70	thank you for this survey! The colored, over the top, circus style lights are diminishing the quality of our neighborhood.	3/13/2020 5:03 PM
71	only allow soft white lights NOT blue and not very intensely bright LEDs	3/13/2020 4:56 PM
72	I think it adds to the holiday season, decreasing brightness is a good idea.	3/13/2020 4:47 PM
73	Tell the old farts to calm down and remember when they were kids, dont become a shitty club like Glenwild.	3/13/2020 4:44 PM
74	i just made a significant investment in holiday lights and do not support restricting or changing the specs.	3/13/2020 4:38 PM
75	WHITE LIGHTS ONLY. The colored lights look like a commercial installation, not a neighborhood display. White lights give a uniform appearance and look magical and warm, like a beautiful winter wonderland. Every time I drive by those bright pink, green and blue lights, I cringe. Tacky! Please please restrict to only white lights but not how many — the more the better!	3/13/2020 4:33 PM
76	Love the lights. Would support allowing white lights to be displayed all year.	3/13/2020 4:24 PM
77	It would be nice to enjoy our dark skies. Light pollution is a real issue and we should limit this.	3/13/2020 4:23 PM
78	As Promontory has nearly 3X more homes than a decade ago, it is time to restrict or prohibit lighting to preserve the visual peace of neighbors and restrict light pollution. While an owner may enjoy their tree lights, they is a potential burden to those who do not appreciate them. The use of holiday lighting contradicts the purpose(s) of prohibiting landscape tree illumination. What is the point of restricting landscape tree lighting if houses can light up like a used car lot for a material portion of the year? Thank you for sending the survey -- it is greatly appreciated.	3/13/2020 4:13 PM
79	I love to see all the holiday lights throughout Promontory. Our guest loved to drive around and see them also. Only suggestion is to have a light display on the sleigh rides.	3/13/2020 4:11 PM
80	People not turning lights off by the 3/1/20 deadline. We like to see the stars	3/13/2020 4:10 PM
81	The Lights in the trees are pretty and should be on all the time	3/13/2020 4:05 PM
82	Fireworks. I'd like to see weekly fireworks.	3/13/2020 10:15 AM
