

Dear Promontory Members and Owners,

For the last two months, we have been providing regular updates in The Wire and The View about Promontory's migration to an enhanced new club management software platform. Today, we are excited to announce the launch of our new Member/Owner Website and App! We hope you like the streamlined functionality and find it to be very user friendly.

Please take a few minutes to login to the new Member/Owner Website, update your temporary password, and download our new app. With this new access, Members will be all set to enjoy the club as you make reservations for dining, golf, spa and all other club activities and events. Among other conveniences, you'll have simplified real time access to your club and owner statements, easy reference to events, member roster and club contacts, the ability to quickly create guest passes and see your guest history, and scan in at club amenities.

Getting setup in our Northstar system is a two-step process. First, you will visit our Member/Owner Website, link provided in the instructions below. While on the new website, you will be prompted to change your temporary password. Please use your Member/Owner Number and password as listed in the instructions in the link below. Conservancy Owners - please check your email for your Northstar Member Number.

You now have access to the Northstar Website and App! Northstar is the leading vendor of Club Management & Community Association Software used by more than 1000 clubs & communities worldwide. It is the only club software that offers a complete single solution built ground up on one database. The Northstar app and website will have some enhanced functionality and will provide for a simplified member experience. Our Promontory team is looking forward to an improved reporting and accounting system with this new platform.

After reading through the instruction guide, if you are having trouble logging into the Member/Owner Website or the Northstar App, please contact Reservations by sending an email via the link below.

[Contact Reservations](#)

If you choose to call them at 435-333-4004, business hours are daily 9am-5pm. If the desk cannot immediately take the call, please leave a voicemail, and you will get a call back as soon as possible.

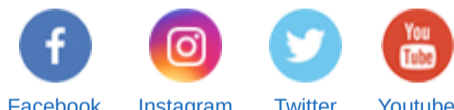

With the activation of Northstar today, your ForeTees account is now deactivated. All future reservations will occur in the Northstar system. Change will always take a little getting used to, but we hope you will agree that the benefit is improved enjoyment by Members of their private Club. Thanks for your patience as we transition to our new software platform.

I hope to see you around Promontory this summer!

Kelli
