

## Uploading a Dependent Photo

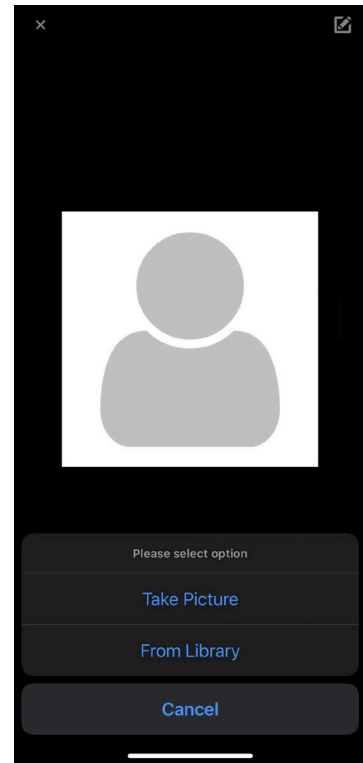

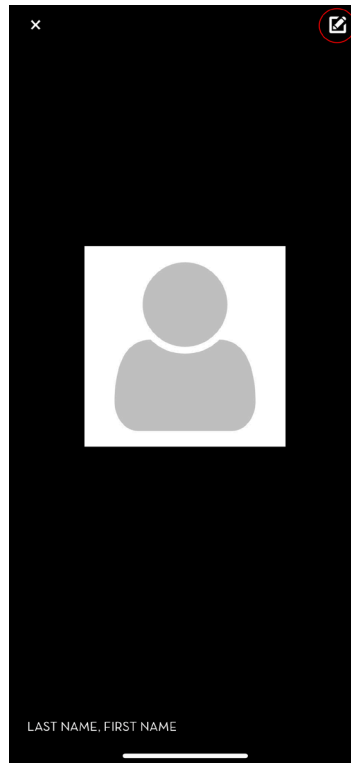

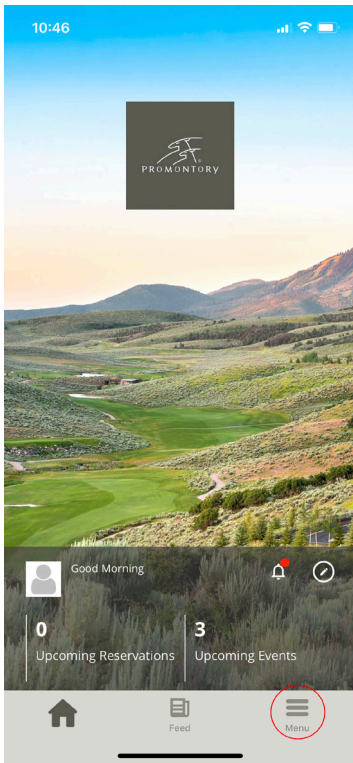

1. Open the App and tap “Menu” on the bottom, right-hand side.
2. Once you are on the menu screen, tap “My Profile”, you will then see the “Dependents” tab located at the top of the screen.
3. Click “Dependents” and choose the dependent profile you wish to edit.
  - On Apple, tap the name, not the photo
  - On Android tap the photo
4. On the top right corner tap “Edit”, tap on the photo silhouette to change the image. Photos should be of just the dependent member, without sunglasses, a hat or mask on.
  - On Android you will have a pencil icon instead of the word “Edit”
5. Be sure to save any changes made.

## Uploading your Photo:

As a measure to ensure that this amazing club retains its exclusivity, check-in is required to gain access to The Ranch Clubhouse, The Shed, The Beach House and Ski Lodges. The next step in helping us do that is requiring that all Members add their Photo to the Promontory Club app.

1. Open the App and tap “Menu” on the bottom, right-hand side.
2. Once you are on the menu screen, tap the profile picture icon on the top, left-hand side, right below the settings button.
3. On the top-right hand side tap the edit icon and choose your photo.

*Please Note: Once you select your new photo, it will be submitted to the Club for approval. It will only update on the app after it has been approved.*
